FOR TODAY & TOMORROW
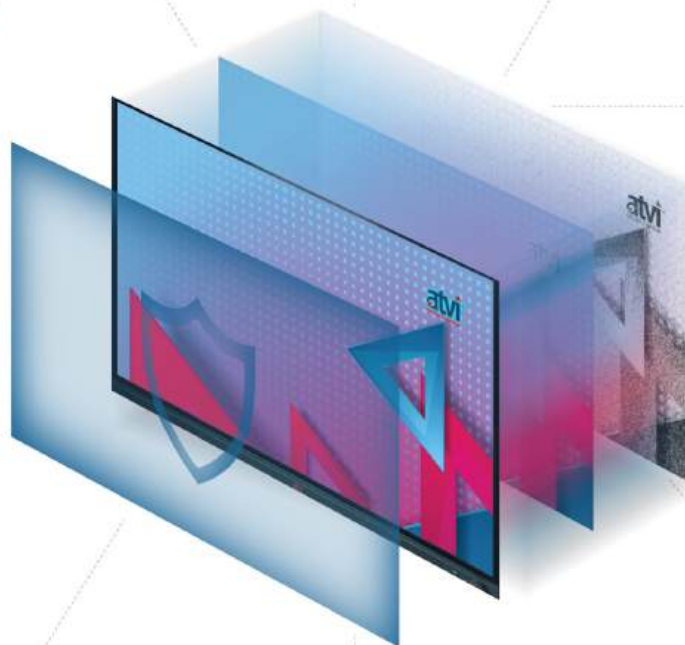

TR390G
SOFTWARE TO MAKE IT POWERFUL
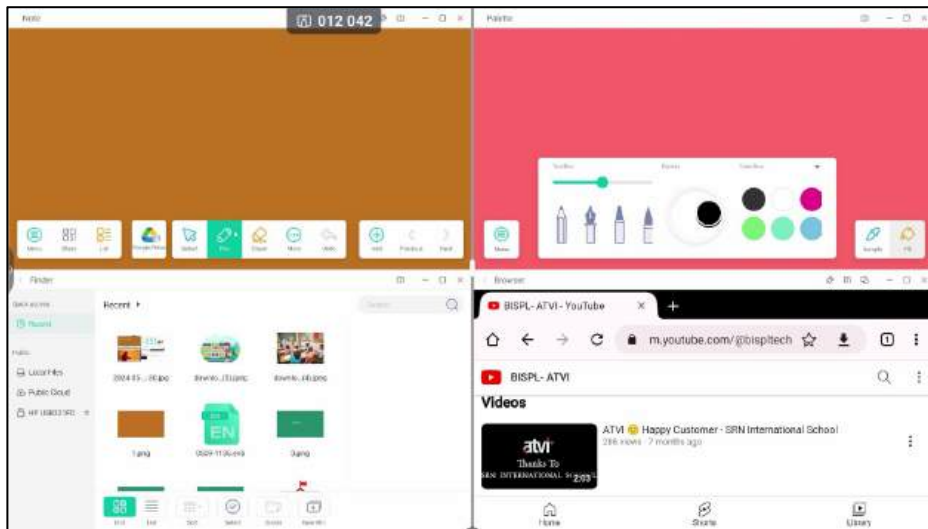

4 Split Screen, 3 writing softwares: E-Note, Bytello, Pallet
Teach anytime any where. Cloud-based lesson preparation for teachers accessing and sharing lesson plans with one another at anytime and anywhere.

Infinite Canvas for those long Maths problems. No more flipping papers!

Zoom between 50% and 400% with gestures. Don't miss the details or the overview!

Function & Equations tool to easily create complex **scientific equations**. Complex scientific graphs look so exciting!

TEACHING SIMPLIFIED WITH BYTELLO

Play with **geometric objects** like a professional. Effortlessly draw, resize, rotate, move and maneuver!

Bring the **Solar System** to life. 2D & 3D views with 360 degree rotation!

Create **gamified quizzes and activities** for an engaging experience. Have meaningful interactions with the participants!

Integrate existing resources from desktop and cloud drive.
